Snow Removal

Description

Valley Green and Associates is looking for equipment operators or shovelers to help with the 2022-2023 winter season. Equipment operators would be running new or newer (within the last 5 years) utility tractors, plow trucks, or skid steers. Duties are assigned based on availability and skill set. Hours vary depending on snowfall accumulations.

We send people in crews of 1-2 and are flexible in working around school and personal schedules. The scope of our work includes going out every time the FM area gets a dusting for sidewalk rigs or 1" of snowfall for parking lot clearing. The pay for equipment operators starts at \$28/hour with regular increases for those who return to help multiple seasons, and shovel personnel's starting rate is \$30/hour.

Qualifications

- Reliable transportation to work every day
- Valid driver's license
- Ability to safely and efficiently operate equipment. If you do not have experience, we will train you
- Ability to take direction from crew leader and work with other members of the crew

Employment Type

Full-time, Part-time, Temporary
